STORM CAUSES HEAVY DAMAGE

High Wind And Rain Strikes
Miller And Milford Twps.

LIGHTNING BURNS BARN

Loss Of \$1,000 Entailed;
Barn Moved By Gale;
Phone Poles Down

BRANDON, May 31—Heavy damage was caused late yesterday afternoon when a heavy rain storm together with a high wind struck Miller and Milford townships, about a dozen telephone poles being blown over and one barn burned to the ground.

Lightning during the storm struck the barn on the farm belonging to Miss Ellen Butcher, in the southwest corner of Miller township, burning it down and causing damage to the extent of about \$1,500, of which \$300 is covered by insurance.

The barn contained two horses, 300 bushels of oats, 25 bushels of wheat, three tons of hay and some harness. The horses were saved, but the rest of the contents was destroyed by the flames before it could be got out.

A barn belonging to Charles Hunter, west of here, was moved by the wind and rain over two inches on its foundation while a number of small chickens were killed.

PLANS TWO MEETINGS

W. S. Comm. Schedules Gatherings
For Next Week
At Co. Churches

Two meetings to be held at churches in the county to boost the sale of war savings stamps have been arranged by the committee and will be in charge of H. S. Workman, chairman of the Danville-Buckeye City district.

The first meeting will be held at 2:30 o'clock Sunday afternoon, June 2, when Rev. Sowers of the Woods church will deliver a patriotic address at the new church, three miles west of Esto.

The second meeting has been announced for Tuesday evening, June 4, to be held at the Riley Chapel Baptist church. Rev. P. M. Kendall of the Disciple church at Danville will speak on this occasion.

Value of Common Things.—The common things of life are things well worth while when we know what to do with them. It was a glimpse of a bird that he had never seen before, but which he might have seen a thousand times so common was it, that made a foremost nature writer out of Bradford Torrey.

Buy War Savings Stamps and Thrift Stamps and save this country not only from the vice of extravagance, but save for it the greatest heritage of all times, that priceless treasure of liberty and democracy.

NATL. RED CROSS WILL DIRECT THE LOCAL CHAPTERS

Efficiency Measure Is An-
nounced At Meeting Of
Executive Comm.

ELIMINATES DANGER OF AN UNBALANCED SUPPLY

Big Organization To Assign
Quotas For Local Bodies
To Fill

"Red Cross workers will be required to do as soldiers—the other kind of soldiers—do and to follow instructions," said S. G. Dowds, chairman of the local chapter of the Red Cross at the meeting of the executive committee of the Knox county chapter Wednesday evening following the announcement that the national organization has altered the method of supplying materials to the chapters for manufacture into finished articles.

In the future the national organization expects to direct the work of each individual chapter. Each chapter will be supplied certain materials with instructions to make them into specific articles. For example—one chapter may be given yarn with instructions to make socks for the soldiers, while another may have the task of making surgical dressings, etc.

This ruling, it is explained, is made necessary to prevent the manufacture of an oversupply of certain articles and at the same time leaving a dearth of other equally necessary ones.

STEP TOWARD EFFICIENCY

The new order was hailed by the local executive committee as one more step towards efficiency, eliminating, as it does, the possibility that socks would be too plentiful and pajamas for wounded soldiers too few. Under the new system the national organization will be able to anticipate its needs and distribute the material so that a constant supply of each article needed will be available.

Another step towards efficient work to the further advantage of the wounded soldiers is the order forbidding individual chapters from entering the open market to purchase their raw materials. The national organization proposes to secure all necessary raw material through close cooperation with the government, getting the goods at the lowest possible price, and to supply each chapter from this supply.

This rule, it was pointed out in a letter from headquarters to Mrs. James K. Lyman, secretary of the local chapter, eliminates the delays in delivery of goods and excessive prices charged where goods are secured by individual chapters. In addition, the new system will operate to enable the organization to secure a larger supply of material, by stabilizing the market.

TO ASSIGN QUOTAS

"Henceforth," one paragraph of the letter reads: "Definite quotas of garments and knitted articles will be sent to chapters. Chapters will be required to produce a certain number of certain articles, no more and no less, and they will be expected to confine their production to such articles as is assigned them by the division. The division has received and will distribute presently its assignment of hospital garments and knitted articles. Assignments of surgical dressings and hospital supplies will be made later."

Other matters of a routine nature were taken up at the meeting, which was attended by Dr. Allen and Mr. Carlisle of Gambler.

Time for Bud to Go.

A couple of friends came to call, bringing with them a neighbor's pet colt, who made great friends with Elizabeth, our little daughter. All went well till eight o'clock, when Elizabeth, greatly worried, exclaimed: "I think you had better take Bud home now; his parents will be getting worried over his being out so late."

Proper Food for Weak Stomachs

The proper food for one man may be all wrong for another. Everyone should be adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.

A SUCCESSFUL REMEDY

All things succeed which really deserve to—which fill a real need, which prove their worth. The fact that the famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has for three generations been relieving women of this country from the worst forms of female ills and has won such a strong place in our American homes proves its merits beyond the question of a doubt. It will pay any woman who is in need of such a medicine to try it.

Road to Happiness
Be amiable, cheerful and good natured and you are much more likely to be happy. You will find this difficult, if not impossible, however, when you are constantly troubled with constipation. Take Chamberlain's Tablets and get rid of that and it will be easy. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.
